## COMFORTABLE TRANQUILITY

Every night spent at Hotel Koldingfjord is a unique and special experience.

An experience that changes with the seasons, with the delightful countryside that surrounds the hotel bringing peace and balance to body and soul.

There is no shortage of space – and plenty of room for reflection and quiet introspection...

Not two rooms at Hotel Koldingfjord are exactly alike. In each, classical architecture and modern design are finely united in very different ways.

There are rooms overlooking the fjord or the peaceful woods, rooms with small oval windows or panoramic windows stretching from the floor to the ceiling.

All rooms are tastefully furnished with full respect for the original construction.

But most importantly of all – tranquility reigns. Genuine, authentic peace and quiet.

In a tradition that started almost 100 years ago and continues to this very day, every guest who stays at Hotel Koldingfjord takes something home: a liberating sense of having been recharged with Mother Nature's own energy.
