IS SOMETHING
WE CREATE TOGETHER

We at Hotel Koldingfjord are well aware of how fortunate we are – and this is something we would like to share with you.

Located in the heart of peaceful woodland right next to Kolding Fjord, Hotel Koldingfjord provides 4-star conference facilities and classical architecture with unique history. Better surroundings would be hard to find.

But the scenery is only part of the story. We are mentors, specialists in meetings, and will be happy to provide inspiration, sparring and good advice for how best to organise conferences and meetings.

Our team can contribute a wealth of practical and theoretical knowledge about the art of making meetings successful and rewarding. And we are keen to take on a challenge.

We think that our organisers and guests deserve something extra. A fourth dimension. Closeness, or as we call it at Hotel Koldingfjord, Attentive Personal Service

Have a break out in the open

If the weather allows it, we'll be most happy to prepare you a picnic basket. Grab your morning or afternoon coffee out in the open or enjoy the first meal of the day on the hotel's bathing jetty while basking in the most beautiful of sunrises.
